

DATE: June 15, 2015
TO: SUD Provider Network
FROM: Provider Network Management
SUBJECT: WITS Enhancement – ASAM Concurrent Review Sign Off Functionality

On June 16, 2015 there will be an enhancement to WITS where users can sign the ASAM Concurrent Review. Sign Off functionality on the ASAM Concurrent Review has been enabled. The program field on the ASAM screen has been modified to now populate with the most current program enrollment.

After completing the ASAM Concurrent Review, the QSUDP must click the ‘Sign ASAM’ link.

If your credentials do not appear as you would expect, please contact your agency's Agency WITS Administrator.

Providers should use this function to indicate which QSUDP has completed the ASAM Concurrent Review. When reviewing an "Authorization Change Request", BPA will confirm that the ASAM Concurrent Review has been signed by a QSUDP. If the ASAM Concurrent Review submitted is not signed or is not signed by a QSUDP, BPA will administratively deny the "Authorization Change Request" and no authorization will be entered. Providers can resubmit an "Authorization Change Request" with an ASAM Concurrent Review signed by a QSUDP. Authorizations will start on the date an approved "Authorization Change Request" is received.

If you have any questions about this functionality, please contact the Wits Help Desk.
